Bouncr App

Sept 2021 - present

COURSEWORK

Technical

Application Design + Development
Mobile Application Design + Development
Information Systems Consulting Project
Principles of Imperative Computation
Principles of Functional Programming
Intro to Computer Systems

Design + HCI

Interaction Design Studio I
Interaction Design Studio II
Human-Computer Interaction Capstone
Programmable User Interfaces
Software Structures for User Interfaces
Applied Fabrication Gadgets for HCI
Communication Design Fundamentals
Product Design Fundamentals
Designing for Climate Change
Service Design
User-Centered Research + Evaluation

Other

Reasoning w Data Cognitive Psychology
Software Project Management
Concepts of Mathematics
Methods of Statistics + Data Science
Integrated Product Conceptualization

TEACHING

Head TA

67272 Application Design + Development

Head TA

67443 Mobile Application Design + Development

RESEARCH

Voice User Interface Design

HCI Independent Study

7Cups Chatbot Research

HCI Independent Study

LEADERSHIP

VP, Professional Programming

User Experience Association

Co-Editor in Chief

Big Straw Magazine

Captain + Tournament Director

CMU Mock Trial
